Answer: F

Difficulty Level: Medium

Subject Heading: Monetary History

7. No full-bodied or representative full-bodied money is in use in the United States today.

Answer: T

Difficulty Level: Medium

Subject Heading: Monetary History

8. No other asset is as liquid as money, because money is itself, a medium of exchange.

Answer: T

Difficulty Level: Medium

Subject Heading: Money Supply

9. Fiat money is legal tender proclaimed to be money by law.

Answer: T

Difficulty Level: Easy

Subject Heading: Monetary History

10. Physical money includes coin and currency.

Answer: T

Difficulty Level: Easy

Subject Heading: Money Supply

11. "Continental" were denominated in dollars and were backed by gold.

Answer: F

Difficulty Level: Easy

Subject Heading: Monetary History

12. The use of "continentals" led to a long period of distrust of paper money.

Answer: T

Difficulty Level: Easy

Subject Heading: Monetary History

13. The faster velocity of money, the greater an economy's GDP.

Answer: T

Difficulty Level: Easy

Subject Heading: Money Supply

14. M1 includes currency and demand deposits but excludes travelers' checks.

Answer: F

Difficulty Level: Easy

Subject Heading: Money Supply

15. Fiat money is a form of credit money.

Answer: T

Difficulty Level: Easy

Subject Heading: Monetary History

16. A store of purchasing power is the most important function of money.

Answer: F

Difficulty Level: Medium

Subject Heading: Functions of Money

17. A major objective of the Fed is to regulate and control the supply of money and the availability of credit.

Answer: T

Difficulty Level: Easy

Subject Heading: Money Supply

18. One reason the Fed defines so many measures of money is that economists have different opinions as to which measure is most consistently related to spending and other economic activity.

Answer: T

Difficulty Level: Medium

Subject Heading: Money Supply

- a. fiat money
 - b. representative full-bodied money
 - c. full-bodied money
 - d. credit money

Answer: b

Difficulty Level: Easy

Subject Heading: Monetary History

2. Fiat money is:
- a. representative full-bodied money
 - b. full-bodied money
 - c. legal tender proclaimed to be money by law
 - d. all of the above

Answer: c

Difficulty Level: Easy

Subject Heading: Monetary History

3. With a mint ratio of 15 to 1 between gold and silver and a market ratio of 15.5 to 1:
- a. gold should go out of circulation
 - b. silver should go out of circulation
 - c. paper money will predominate
 - d. the bimetallic standard will be stable

Answer: a

Difficulty Level: Medium

Subject Heading: Monetary History

4. The U.S. bimetallic standard was based on:
- a. gold and platinum
 - b. silver and gold
 - c. gold and copper
 - d. silver and copper

Answer: b

Difficulty Level: Easy

Subject Heading: Monetary History

5. Which of the following would not be considered liquid?
- a. money in savings accounts
 - b. coins

- c. currency
- d. all the above are liquid
- e. none of the above are liquid

Answer: d

Difficulty Level: Easy

Subject Heading: Basic Monetary Concepts

6. In the U.S., the dollar was defined in terms of gold until the:

- a. present time
- b. 1980s
- c. 1970s
- d. 1960s

Answer: c

Difficulty Level: Easy

Subject Heading: Monetary History

7. When it is a means of paying for goods and services and discharging debts, money is referred to as a:

- a. store of purchasing power
- b. medium of exchange
- c. standard of value
- d. liquid asset

Answer: b

Difficulty Level: Easy

Subject Heading: Basic Monetary Concepts

- a. debit cards provide for the immediate direct transfer of deposit accounts
- b. debit cards may be used for cash advances, even when there is not sufficient money in the account
- c. debit cards may not be used to make cash withdrawals from automatic teller machines
- d. all the above
- e. none of the above

Answer: a

Difficulty Level: Medium

Subject Heading: Basic Monetary Concepts

9. An international gold standard dominated international trade during:

- a. World War II
- b. 1880–1914

- c. 1944–1971
- d. 1914–1932

Answer: b

Difficulty Level: Easy

Subject Heading: Monetary History

10. The only paper money of significance in the economy today is:

- a. silver certificates
- b. demand deposits
- c. greenbacks
- d. Federal Reserve notes

Answer: d

Difficulty Level: Easy

Subject Heading: Monetary History

11. Token coins are:

- a. full-bodied coins
- b. coins containing metal of less value than their stated value
- c. coins containing gold or silver
- d. representative full-bodied money

Answer: b

Difficulty Level: Easy

Subject Heading: Monetary History

12. Which of the following describes the basic function of money?

- a. store of purchasing power
- b. standard of value
- c. medium of exchange
- d. liquidity

Answer: c

Difficulty Level: Easy

Subject Heading: Basic Monetary Concepts

13. The M1 definition of the money supply includes which of the following items?

- a. currency
- b. demand deposits and other checkable deposits at depository institutions
- c. travelers' checks
- d. all of the above

Answer: d

Difficulty Level: Medium

Subject Heading: Money Supply

14. Money market funds are not included in which of the following definitions of the money supply?
- a. M1
 - b. M2
 - c. M3
 - d. M4 or L

Answer: a

Difficulty Level: Easy

Subject Heading: Money Supply

15. Travelers' checks are included in which of the following money supply definitions?
- a. M1
 - b. M2
 - c. M3
 - d. all of the above

Answer: d

Difficulty Level: Easy

Subject Heading: Money Supply

16. Large time deposits (over \$100,000) are included in which of the following money supply definitions?
- a. M1
 - b. M2
 - c. M3
 - d. all of the above

Answer: c

Difficulty Level: Easy

Subject Heading: Money Supply

17. Overnight repurchase agreements are not included in which of the following definition of the money supply?
- a. M1
 - b. M2
 - c. M3
 - d. all of the above

Answer: a

Difficulty Level: Easy

Subject Heading: Money Supply

18. Credit money includes:

- a. checking accounts at commercial banks
- b. checkable deposits at savings and loan associations
- c. checking accounts at credit unions
- d. all the above
- e. none of the above

Answer: b

Difficulty Level: Medium

Subject Heading: Money Supply

19. Eurodollars are included in

- a. M1
- b. M2
- c. both the above
- d. neither the above

Answer: d

Difficulty Level: Easy

Subject Heading: Money Supply

20. Which of the following statements is false?

- a. M1, M2, and M3 include demand deposits and other checkable deposits.
- b. Term repurchase agreements are included in M3, but not in M1 and M2.
- c. U.S. savings bonds are included in M3, but not in M1 and M2.
- d. Travelers' checks are included in M1, M2, and M3.

Answer: c

Difficulty Level: Medium

Subject Heading: Money Supply

21. Which of the following statements is false?

- a. The Bretton Wood System of fixed exchange rates was maintained until 1975.
- b. Under the Bretton Wood System, one ounce of gold was set equal to \$35.
- c. Under the Bretton Wood System, each participating country had its currency pegged to either gold or the U.S. dollar.
- d. All of the above statements are correct.

Answer: a

Difficulty Level: Hard

Subject Heading: Monetary History

- d. the depression of the 1930s

Answer: b

Difficulty Level: Medium

Subject Heading: Monetary History

35. The function of money that expresses prices and contracts for deferred payments in terms of the monetary unit is referred to as:
- a. store of purchasing power
 - b. standard of value
 - c. medium of exchange
 - d. credit money

Answer: b

Difficulty Level: Medium

Subject Heading: Basic Monetary Concepts

36. Money market funds are not included in which of the following definitions of the money supply?
- a. M1
 - b. M2
 - c. M3
 - d. M4 or L

Answer: a

Difficulty Level: Easy

Subject Heading: Money Supply

37. The public's holdings of U.S. savings bonds are included in which of the following money supply definitions?
- a. M1
 - b. M2
 - c. M3
 - d. M4 or L

Answer: d

Difficulty Level: Easy

Subject Heading: Money Supply

38. Credit card usage:
- a. may expand money supply
 - b. may contract the money supply

- c. neither expands nor contracts money supply
- d. none of the above

Answer: a

Difficulty Level: Easy

Subject Heading: Money Supply

39. Which are included in the money supply?

- a. outstanding balances on credit cards
- b. credit card limits
- c. both the above
- d. neither the above

Answer: d

Difficulty Level: Easy

Subject Heading: Money Supply

40. The supply of a currency in international markets depends largely on the:

- a. Federal Reserve System
- b. imports of the issuing country
- c. amount of exports that currency will buy from the issuing country
- d. confidence of market participants in the restraint and ability of the monetary authority issuing the currency

Answer: b

Difficulty Level: Medium

Subject Heading: International Monetary System

41. The advantages claimed for a bimetallic standard were not gained in actual practice because:

- d. all of the above

Answer: a

Difficulty Level: Medium

Subject Heading: Monetary History

42. Barter involves the exchange of:

- a. goods for gold
- b. goods for silver
- c. gold for silver

d. goods and services

Answer: d

Difficulty Level: Easy

Subject Heading: Basic Monetary Concepts

43. When coins have an intrinsic value equal to the value of the metal they contain, they are referred to as:
- a. full-bodied money
 - b. representative full-bodied money
 - c. token coins
 - d. all of the above

Answer: a

Difficulty Level: Easy

Subject Heading: Basic Monetary Concepts

44. Coining money and determining its value has been a governmental function in some cultures for about:
- a. 3,000 years
 - b. 2,500 years
 - c. 1,900 years
 - d. 1,000 years

Answer: b

Difficulty Level: Easy

Subject Heading: Monetary History

45. Checks may be cleared by:
- a. the Federal Reserve
 - b. banks in the banking system
 - c. both the above
 - d. neither the above

Answer: c

Difficulty Level: Medium

Subject Heading: Basic Monetary Concepts

46. Which of the following are not depository institutions?
- a. The Federal Reserve
 - b. credit unions
 - c. savings banks
 - d. commercial banks

Answer: a
Difficulty Level: Easy
Subject Heading: Financial Institutions

47. "Continentials" were backed by:
- a. gold
 - b. silver
 - c. possible future tax revenues
 - d. none of the above

Answer: c
Difficulty Level: Easy
Subject Heading: Monetary History

48. Today's Federal Reserve notes are:
- a. backed by gold
 - b. backed by silver
 - c. fiat money
 - d. none of the above

Answer: c
Difficulty Level: Medium
Subject Heading: Basic Monetary Concepts

49. Credit money is backed by:
- a. gold
 - b. silver
 - c. creditworthiness of the issuer
 - d. creditworthiness of the depository institution
 - e. none of the above

Answer: c
Difficulty Level: Easy
Subject Heading: Basic Monetary Concepts

50. Deposit money is backed by:
- a. gold
 - b. silver
 - c. creditworthiness of the issuer
 - d. creditworthiness of the depository institution
 - e. none of the above

Answer: d
Difficulty Level: Easy

Subject Heading: Basic Monetary Concepts

Answer: d

Difficulty Level: Medium

Subject Heading: Financial System

53. All of the following are normally categorized as financial institutions EXCEPT:
- a. S&Ls
 - b. brokerage firms
 - c. commercial banks
 - d. credit unions

Answer: b

Difficulty Level: Medium

Subject Heading: Financial Institutions

54. All Money must perform the following basic functions EXCEPT:
- a. guarantee of validity
 - b. medium of exchange
 - c. standard of value
 - d. store of value

Answer: a

Difficulty Level: Medium

Subject Heading: Basic Monetary Concepts

55. M3 includes all of the following EXCEPT:
- a. checking and savings

- b. MMMFs
- c. stocks and bonds
- d. all of the above are included

Answer: c

Difficulty Level: Medium

Subject Heading: Money Supply

56. The velocity of money measures:

- a. the quantity of money in an economy
- b. the rate of circulation of the money supply
- c. the level of inflation caused by the money supply
- d. none of the above

Answer: b

Difficulty Level: Medium

Subject Heading: Money Supply

57. The three functions of money are:

- a. medium of exchange, store of value, and measure of liquidity
- b. conduit for international trade, store of value, and standard of value
- c. medium of exchange, store of value, and standard of value
- d. inflation hedge, measure of liquidity, and medium of exchange

Answer: c

Difficulty Level: Medium

Subject Heading: Basic Monetary Concepts

58. Money decreed to be “legal tender” for the payment of debts is money backed by:

- a. precious metals
- b. commodities
- c. government creditworthiness
- d. gold or silver

Answer: c

Difficulty Level: Medium

Subject Heading: Basic Monetary Concepts

59. An increase in the general overall prices of goods and services that is not offset by increases in the quality of those goods and services is the definition for:

- a. liquidity
- b. inflation
- c. full-bodied goods and services

Answer: c

Difficulty Level: Medium
Subject Heading: Basic Monetary Concepts

60. Functions of money include all of the following EXCEPT:

- a. Money serves as a medium of exchange.
- b. Money may be held as a store of value.
- c. Money serves as a standard of value.
- d. All of the above are functions of money.

Answer: d

Difficulty Level: Medium
Subject Heading: Basic Monetary Concepts

61. Functions of money include all of the following EXCEPT:

- a. Money serves as a medium of exchange.
- b. Money may be held as a store of value.
- c. Money determines the wealth of a nation.
- d. All of the above are functions of money.

Answer: c

Difficulty Level: Medium
Subject Heading: Basic Monetary Concepts

62. A monetary standard based on two metals, usually silver and gold is called:

- a. full-bodied money
- b. a bimetallic standard
- c. Fiat money
- d. none of the above

Answer: b

Difficulty Level: Easy
Subject Heading: Monetary History

63. Paper money backed by a precious metal is called:

- a. full-bodied money
- b. a bimetallic standard
- c. representative full-bodied money
- d. none of the above

Answer: c

Difficulty Level: Easy
Subject Heading: Basic Monetary Concepts

64. Legal tender proclaimed to be money by law is called:

- a. representative money
- b. fiat money
- c. representative full-bodied money
- d. none of the above

Answer: b

Difficulty Level: Easy

Subject Heading: Basic Monetary Concepts

65. The broadest definition of money supply is:

- a. M1
- b. M2
- c. M3
- d. M4

Answer: c

Difficulty Level: Easy

Subject Heading: Money Supply

66. The narrowest definition of money supply is:

- a. M1
- b. M2
- c. M3
- d. M4

Answer: a

Difficulty Level: Easy

Subject Heading: Money Supply

67. A measure of the output of goods and services in an economy is called:

- a. output
- b. money supply
- c. gross domestic product
- d. velocity

Answer: c

Difficulty Level: Easy

Subject Heading: Basic Monetary Concepts

68. If the money supply for an economy is \$3 trillion and the velocity of money is 4.5, then GDP is:

- a. \$0.67 trillion
- b. \$1.5 trillion
- c. \$7.5 trillion
- d. \$13.5 trillion

Answer: d

Difficulty Level: Medium
Subject Heading: Money Supply

69. If the money supply for an economy is \$3 trillion and GDP is \$10 trillion, then the velocity of money is:
- a. \$3.33 trillion
 - b. \$13.0 trillion
 - c. \$7.0 trillion
 - d. \$30 trillion

Answer: a
Difficulty Level: Medium
Subject Heading: Money Supply

70. A rise in prices not offset by increases in quality is called:
- a. deflation
 - b. inflation
 - c. stagflation
 - d. none of the above

Answer: b
Difficulty Level: Easy
Subject Heading: Basic Monetary Concepts

71. A rise in prices that is fully offset by increases in quality is called:
- a. deflation
 - b. inflation
 - c. stagflation
 - d. none of the above

Answer: d
Difficulty Level: Easy
Subject Heading: Basic Monetary Concepts

72. A major factor in the severity of the 2007-09 financial crisis was the massive amounts of debt taken on by:
- a. individuals
 - b. business
 - c. government
 - d. all of the above
 - e. none of the above

Answer: d
Difficulty Level: Medium
Subject Heading: 2007-2009 Financial Crisis

73. A major factor in the severity of the 2007-09 financial crisis was the massive reduction in the level of debt taken on by:
- a. individuals
 - b. business
 - c. government
 - d. all of the above
 - e. none of the above

Answer: e

Difficulty Level: Medium

Subject Heading: 2007-2009 Financial Crisis

74. Creating and transferring money are integral parts of the:
- a. investment process
 - b. capital formation process
 - c. savings process
 - d. none of the above

Answer: b

Difficulty Level: Easy

Subject Heading: Basic Monetary Concepts

75. Historically speaking, _____ taken as a group has/have generally been a surplus economic unit in the past:
- a. individuals

 - e. none of the above

Answer: b

Difficulty Level: Medium

Subject Heading: Basic Monetary Concepts

86. _____ are very short-term loans, usually with maturities of one day to one week made between depository institutions.
- a. Overnight loans
 - b. Commercial paper
 - c. Federal funds
 - d. A banker's acceptance
 - e. none of the above

Answer: c

Difficulty Level: Medium

Subject Heading: Basic Monetary Concepts

87. The velocity of money measures the rate of circulation of the money supply and can be expressed by the following equation (note: GDP = gross domestic product and MS = money supply):
- a. $VM = GDP/MS$
 - b. $VM = MS/GDP$
 - c. $VM = MS \times GDP$
 - d. all of the above
 - e. none of the above

Answer: a

Difficulty Level: Medium

Subject Heading: Money Supply

88. If annual GDP is \$100 billion and the MS is \$20 billion, the velocity of money (VM) is _____.

- a. 2
- b. 5
- c. 20
- d. 50
- e. none of the above

Answer: b

Difficulty Level: Medium

Subject Heading: Money Supply

89. _____ believe that when the money supply exceeds the amount of money demanded, the public will spend more rapidly, causing real economic activity or prices to rise. They also believe that a too-rapid rate of growth in the money supply will ultimately result in rising prices or inflation because excess money will be used to bid up the prices of existing goods.
- a. Monetarists
 - b. Keynesians
 - c. Neo Classicalists
 - d. none of the above

Answer: a

Difficulty Level: Medium

Subject Heading: Keynesians vs. Monetarists

90. _____ believe that a change in the money supply first causes a change in interest rate levels, which, in turn, alters the demand for goods and services.
- a. Monetarists
 - b. Keynesians
 - c. Neo Classicalists
 - d. none of the above

Answer: b

Difficulty Level: Medium

Subject Heading: Keynesians vs. Monetarists

91. A major international development occurred on January 1, 2002, when twelve European countries gave up their individual currencies and adopted a unified currency called the _____.
- a. Dollar
 - b. Pound
 - c. Euro
 - d. none of the above

Answer: c

Difficulty Level: Easy

Subject Heading: Monetary History

92. The price level of goods and services may be expressed as the ratio of _____.

- a. GDP to real output
- b. real output to GDP
- c. Velocity to GDP
- d. real output to velocity

Answer: a

Difficulty Level: Medium

Subject Heading: Basic Monetary Concepts

93. Real output in an economy may be expressed as the ratio of _____.

- a. GDP to real output
- b. real output to GDP
- c. price level to GDP
- d. GDP to price level

Answer: d

Difficulty Level: Medium

Subject Heading: Basic Monetary Concepts

94. _____ provide predetermined credit limits to consumers at the time the cards are issued.

- a. debit cards
- b. ATM cards
- c. credit cards
- d. none of the above

Answer: c

Difficulty Level: Easy

Subject Heading: Basic Monetary Concepts

95. _____ issue shares to customers and invest the proceeds in highly liquid, very-short-maturity, interest-bearing debt instruments called money market investments.

- a. Money market mutual funds (MMMFs)
- b. Corporations

- d. none of the above

Answer: a

Difficulty Level: Easy

Subject Heading: Basic Monetary Concepts

96. _____ is the sum of an individual's money, real assets, and financial assets or claims against others less the individual's debt obligations.

- a. Portfolio value
- b. Individual net worth
- c. Personal wealth
- d. Investment value
- e. None of the above

Answer: b

Difficulty Level: Medium

Subject Heading: Basic Monetary Concepts

97. _____ issue shares to customers and invest the proceeds in highly liquid, very-short-maturity, interest-bearing debt instruments called money market investments.
- a. Commercial banks
 - b. Corporations
 - c. Insurance companies
 - d. none of the above

Answer: d

Difficulty Level: Medium

Subject Heading: Financial Institutions

98. The price level of goods and services may be expressed as the ratio of _____.
- a. GDP to GNP
 - b. real output to GDP
 - c. Velocity to GDP
 - d. real output to velocity
 - e. none of the above

Answer: d

Difficulty Level: Medium

Subject Heading: Inflation

99. _____ believe that a change in the money supply first causes a change in interest rate levels, which, in turn, alters the demand for goods and services.
- a. Monetarists
 - b. Supply Siders
 - c. Neo Classicalists
 - d. none of the above

Answer: d

Difficulty Level: Medium

Subject Heading: Keynesians vs. Monetarists
