- d. Racially distinct groups can be arranged in ascending and descending order

Answer: a
 Difficulty: 1
 Page: 42

MC 2-9

What do we call a breeding population whose members possess the capacity to reproduce fertile offspring?

- a. Race
- b. Phenotype
- c. Genotype
- d. Species

Answer: d
 Difficulty: 1
 Page: 42

MC 2-10

What is the name for a population who's physical and genetic characteristics appear more frequently than in other populations, in part because of relative reproductive isolation?

- a. Race
- b. Species
- c. Genotype
- d. Phenotype

Answer: a
 Difficulty: 1
 Page: 42

MC 2-11

According to the case study in whiteness, for purposes of analysis, whiteness should be interpreted as _____.

- a. race
- b. fiction

Answer: d
Difficulty: 1
Page: 45

MC 2-25

According to a growing number of theorists, including David Theo Goldberg, the modern state is also a _____ state.

- a. Non racial
- b. Pre racial
- c. Racial
- d. Race blind

Answer: c
Difficulty: 1
Page: 53-54

Fill in the Blanks

F 2-26

What percentage of genetic material accounts for human diversity according to the Human Genome Project? ____ percent

Answer: .01
Difficulty: 3
Page: 41

F 2-27

The saying that “phenomena do not have to be real to be real in their consequences” is best expressed in debates over _____

Answer: race
Difficulty: 2
Page: 33

F 2-28

To how many species does the “human race” belong? _____

Answer: one
Difficulty: 1
Page: 42

F 2-29

A breeding population whose members possess the capacity to reproduce fertile offspring is called a _____.

Answer: species
Difficulty: 2
Page: 42

F 2-30

What is the term given to a population whose physical and genetic characteristics appear more frequently than in other populations? _____

Answer: race

Difficulty: 2

Page: 41

F 2-31

When studying human variation, what do we call references to differences based on less visible attributes such as metabolic rates or blood types? _____

Answer: genotypes

Difficulty: 3

Page: 41

F 2-32

Race has no biological or scientific validity, but rather must be seen as a _____ construct.

Answer: social

Difficulty: 2

Page: 44

F 2-33

A transformative shift in thinking about race is in progress. Race is no longer seen as a biological 'thing', but rather race as a socially constructed '_____'.

Answer: process or activity

Difficulty: 2

Page: 45

F 2-34

What is the name for the process in which social significance is attached to biological features; in turn, biological significance is imposed on social features? _____

Answer: racialization

Difficulty: 3

Page: 45

F 2-35

According to the text, there is no such thing as race relations, only relationships that have been _____.

Answer: racialized

Difficulty: 2

Page: 45

F 2-36

Which doctrine borrowed from Darwin's theory of natural selection and applied it to the human

species to account for human differences? _____

Answer: social Darwinism

Difficulty: 1

Page: 39

F 2-37

What doctrine argued that the human race could be improved through selective reproduction?

Answer: eugenics

Difficulty: 2

Page: 39

F 2-38

What is the name of the race-based dogma that was associated with the testing of intelligence by means of IQ tests? _____

Answer: Scientific Racism

Difficulty: 2

Page: 40

F 2-39

The concept that neither reality nor objective truth exists, but only discourses about truth and reality, with the result that people tend to see the world out there in fundamentally different ways depending on where they are socially located is known as the _____ Effect.

Answer: Rashomon

Difficulty: 2

Page: 29

F 2-40

Race may have once mattered in Canada; however, it no longer matters at present because of Canada's commitment to the principles and practices of a culture-blind society. (true or false)
_____.

Answer: false

Difficulty: 1

Page: 47

Essay Question

E 2-41

The chapter on the Politics of Race is organized around three major themes, namely, that race once mattered, that it continues to matter, and that it will continue to matter, despite claims of Canada as increasingly a colour-blind and race-neutral society. Indicate the validity of all three assessments by demonstrating the centrality of the race concept in the past, at present, and in the future. (Answer p 32-25, 52-54).
