	Answer:	16 (most schools)
7. Hov	w many credits	are you taking this semester?
	w many hours seering class?	hould you spend studying outside of class for each hour spent in an
	Answer:	3 (for most engineering courses)
9. It is	not a good ide	a to take notes on loose papers because you may displace or lose them.
	a. True	
	b. False	
	Answer:	a
10. A	good way to lea	arn something is to explain ideas and concepts in your own words to others
in a gr	oup.	
	a. True	
	b. False	
	Answer:	a
11. It i	is a good idea to	o attend class regularly, because your professor may offer additional
explar	nations and disc	cussion of some material in class that may not be well presented in your
textbo	ok.	
	a. True	
	b. False	
	Answer:	a

12. It is a good idea to read the material that your professor is planning to cover in class ahead of
time. It is also important to go over the material that was discussed in class again later the same
day after the lecture was given.

- a. True
- b. False

Answer: a

- 13. During a typical four-year engineering program, in which year will you take the calculus I class:
 - a. Year 2
 - b. Year 4
 - c. Year 1
 - d. Year 3

Answers: c

- 14. What does ASCE stand for?
 - a. American Society of Civil Engineers
 - b. American Society of Chemical Engineers
 - c. Association of Service Coordinating Engineers
 - d. All-State Corps of Engineers

Answer: a

- 15. What does SAE stand for?
 - a. Society of Agricultural Engineers
 - b. Society of Automotive Engineers
 - c. Society of Aerospace Engineers
 - d. Society of Aeronautical Engineers

Answer: b

16. What does ASME stand for?

a. American Society of Manufacturing Engineers

h	American	Society	of Me	tallurgic	al Engine	erc
υ.	American	Society	or we	tanurgic	ai Engine	ers

- c. American Society of Mechanical Engineers
- d. American Society of Marine Engineers

Answer: c

- 17. What does IEEE stand for?
 - a. Institute for Electrical and Electronics Engineers
 - b. Institute of Electrical and Electronics Engineers
 - c. International Electrical and Electronics Engineers
 - d. Industrial Electricians and Electrical Engineers

Answer: b

- 18. What does SME stand for?
 - a. Society of Manufacturing Engineers
 - b. Society of Mechanical Engineers
 - c. Society of Materials Engineers

a

d. Society of Metallurgical Engineers

Answer: a

- 19. Volunteering is a good way to feel connected to your community. Volunteering could also help develop communication, management, or supervisory skills that you may not develop by just attending school.
 - a. True
 - b. False

Answer:

- 20. Engineering organizations are only for practicing engineers and not for engineering students
 - a. True
 - b. False

Answer: b

21. The best time to discuss your graduation plan with your advisor is during the year in which you plan to graduate.

	a. True	
	b. False	
	Answer:	b
22. It	is a good practi	ce to have your questions formulated and well thought out before you go to
see yo	our professor.	
	a. True	
	b. False	
	Answer:	a
23. A	good way to le	arn something is to form discussion groups where you explain ideas and
		words to others in the group.
	a. True	
	b. False	
	Answer:	a
24. Oı	nly a few peopl	e need to participate in a study group
	a. True	
	b. False	
	Answer:	b
25. It	is a good idea t	o wait until the night before the exam to study
	a. True	
	b. False	
	Answer:	b
26. It	is a good idea t	o study for exams on a daily basis
	a. True	
	b. False	
	Answer:	a

27. Becoming acquainted with junior and senior engineering students can provide you with
valuable information about their engineering education experience and campus social issues

- a. True
- b. False

Answer: a

28. It is important to join engineering organizations because they offer benefits such as:

- a. They conduct conferences and meetings to share new ideas and findings in research and development.
- b. They publish technical journals, books, reports, and magazines to help engineers in particular specialties keep up-to-date.
- c. They offer short courses on current technical developments to keep practicing engineers abreast of the new developments in their respective fields.
- d. They provide a networking mechanism through which you get to know people from different companies and institutions.
- e. all of the above

Answer: e

- 29. Volunteering is a way to develop additional important skills such as communication, management, or supervisory skills that may not be taught in your classes.
 - a. True
 - b. False

Answer: a

30. It is also a good idea to sit down with your advisor and plan your graduation. List all of the classes that you need to take in order to obtain your degree in four or five years.
